

December 12, 2019

Status of Active Visioning Committee Initiatives

Natural Church Development Survey – Discussion continued on questions from the survey that had the lowest responses from 7 of the 8 categories of Quality Characteristics, excluding the *Holistic Small Groups* category. After looking at the results of a few questions and discussing what we might be able to do to improve the category in which those questions are under, no ideas were formalized. We asked ourselves what ideas/programs have been initiated from the Visioning Committee and the following were mentioned: Advent Studies, Movies and Movie study groups, Vine & Branches Study Group, Comfort Baskets, Prayer Wall, Kids Club, quarterly Pot Lucks, Gift of Giving to name a few. Then, we went around the table asking each committee member to name one thing that they felt could use improvement. Responses included: Attracting more kids; Installing/improving our electronic systems; Visiting other churches and report back what we liked and/or disliked from their service; Actively inviting our church members to attend our other church activities; Starting another Bible Study Class. We were then assigned to try and attend one other church before the next meeting and report to the committee.

Small Group Meetings – Lucy and Jay plan to continue the small Group Meetings on topics from the 2019 Annual Conference later in January. Dates and specific topics to be announced.

Assimilating New Members – Same message as last month.

Calendar – No new additions were made to the calendar.

Next Meeting Date & Time – Thursday, January 9, 2019 at 7:05 PM.
